Including the extra weight of the NuMount VESA adapter (2.5 lb) The following iMacs do NOT meet this requirement:

---

iMac10,1 (Late 2009, 27 inch Core 2 Duo) \* iMac11,1 (Late 2009, 27 inch Core i5 and i7) iMac11,3 (Mid 2010 27 inch) iMac12,2 (Mid 2011 27 inch) For this reason it is NOT RECOMMENDED to use the NuMount VESA adapter with 27' iMacs from 2009 to 2011.. IMac computers built after 2012 have a non-removable factory-fitted stand which makes it impossible to attach the iMac to a VESA mount.. The NewerTech NuMount VESA Adapter for iMac includes a shelf to accommodate an external hard drive or other device.. The NewerTech NuMount VESA Adapter for iMac includes a shelf to accommodate an external hard drive or other device.. The NuMount VESA Adapter for iMac solves this problem with a precision bracket and a unique clamping system, custom designed to allow your iMac to safely and securely attach to a VESA mount.. It is NOT RECOMMENDED to use the NuMount VESA adapter with 27' iMacs from 2009 to 2011.. The NuMount VESA Adapter for iMac solves this problem and gives you the freedom to mount your iMac exactly how you want for optimal comfort and productivity.. With the iMac Pro now available to order, Apple has released a VESA mount adapter kit for the computer on its online store around the world. 773a7aa168 [Free download candy crush saga for blackberry bold 9790](#)
